Green Hides expands Tango Offering

Newly expanded palette offers clients greater color selection

Greensboro, NC (September 2014) – Green Hides Leather Studio, demonstrating their commitment to maintaining a strong offering with the expansion of the **Tango** Article.

Tango has been part of the Green Hides line for 2 years and has seen great success with their Aviation, Hospitality and Residential clients. “We anticipated the need to expand this offering soon after the introduction...curating a line is a constant process; products need to be reexamined and refined over time,” says Vice President Keith Hill. Green Hides will debut the new offering at the NBAA (National Business Aviation Association) Expo in October of 2014.

Tango is a modern classic featuring a hand applied two-tone tipped grain effect. Tanning and dyeing processes are formulated using the latest technology standards for high quality leather, and **TANGO** complies with the strict regulations of the EU environmental normative CE2000/53.

About Green Hides:

Founded in 2003, Green Hides Leather Studio offers a complete selection of high-quality, environmentally-conscious Italian leathers for contract environments. President of Green Hides, Simone Lagnerini, has worked for nearly two decades in the Italian leather industry and has helped his company create the philosophy that leather can and should be produced in harmony with the environment. By working in direct collaboration with an Italian tannery and proprietor, they are able to ensure the environmental quality of products as well as eliminate many of the obstacles faced by other companies. Over 400 leathers are stocked in Greensboro, NC and are available for immediate delivery, including 28 colors of EcoLife, the leading chromium-free leather. In addition to offering an expansive range of fashionable and practical contract leathers, Green Hides also offers a wide selection of hospitality, aviation, and high-end residential leathers.

Green Hides is committed to improving the selection of eco-friendly interior design products, as well as growing business in an environmentally-minded manner. Please visit greenhides.com for more information.
