

Highland

Crafted in Italy and inspired by classic Scottish tradition, Highland is a seductively creamy leather with a light transparent finish projecting the beauty of nature's canvas. It is lightly milled and sheened with natural oils and waxes providing a rich texture and sultry soft hand. Natural visible markings and other signatures of nature are characteristics to be appreciated and confirm its true identity. Over time, a rich patina will develop reflecting the lifestyle of its user. Highland is produced using only the finest hand selected European raw material.

REACH (EC 1907/2006) compliant production aims to improve the protection of human and environmental health. Processed using low emission mineral tanning formulas which are environmentally respectful, the hides are retanned in aged oak drums using vegetable agents, natural fat liquors, oils and dyes that ensure the leather is properly through dyed. Natural color variations may occur even within the same dye lot.

Applications: Contract, Hospitality, Residential

Raw Material: European

Hide Size: Average 48 sqft

Thickness: 0.9 – 1.0 mm

Wet Rub Test (20 rubs): IUF 450 / UNI EN ISO 11640: > 4 grey scale

Dry Rub Test (100 rubs): IUF 450 / UNI EN ISO 11640: > 4 grey scale

Abrasion: Wyzenbeek (ASTM D4157) 100,000 rubs

Adhesion: IUF 470/ UNI EN ISO 11644 \geq 4.0 N/cm

Alkaline ph 8 (NR 20): IUF 450 / UNI EN ISO 11640: > 4 grey scale

Flexing Endurance: IUP 20 / UNI EN ISO 5402: \geq 20,000

Tear Strength: IUP 40 / UNI EN ISO 3377-I: \geq 20 N

Light Resistance (Xenon Test): IUF 402 / UNI EN ISO 105-B02: 3 blue scale

Flammability Resistance: UFAC Class 1, CAL TB 117-2013, NFPA 260

Origin: Italy
