

Milano

Milano is a robust leather featuring a natural grain, soft and rich round hand enhanced by a semitransparent finish exhibiting the natural colorations within the hide. Natural grain variations are expected and projects the unique character of each hide. Innovative and elegant Milano offers luxury and performance suitable for contract, hospitality, and residential environments.

REACH (EC 1907/2006) compliant production aims to improve the protection of human and environmental health. Processed using low emission mineral tanning formulas which are environmentally respectful, the hides are retanned in aged oak drums using vegetable agents, natural fat liquors, oils and dyes that ensure the leather is properly through dyed. Natural color variations may occur even within the same dye lot.
