

## Natura: Collection of Natural Hair on Hide Colorations

---

Natura is a refined and stunning collection of exotic natural hair on hide colorations celebrating the character of the various regions and breeds unique to each area. Natural beauty is found in the organic irregularities and variations from hide to hide ranging from hair length, color, cowlicks, fat wrinkles and other signifiers. These natural traits are inherent to this product and are not considered to be defects or flaws. No two hides will ever be the same.

The collection offers endless design opportunities for upholstery, rugs, wallcoverings and other accents.
