Ranch

Ranch is a full grain vacuum dried leather exhibiting a beautiful tight grain structure and subtle bicolor finish to achieve a classical lavish look. A smooth supple surface and luxurious soft hand make this leather the perfect choice. A light top coat is applied to provide protection and makes this leather suitable for most public and private environments.

Produced in compliance with REACH (EC 1907/2006) standards to enhance human and environmental health, Ranch is processed using low-emission mineral tanning formulas that are environmentally responsible. The hides are re-tanned in aged oak drums with vegetable agents, natural fat liquors, oils, and dyes, ensuring deep, uniform dye penetration. Natural variations in color may occur within the same dye lot.
