

TUSCANY — The DiGiorgi Collection

Tuscany is the ultimate coalescence of luxury, tradition and technology. The most environmentally respectful and technologically advanced leather available, Tuscany is sustainably produced utilizing byproduct hides and is both USDA biobased and carbon neutral certified. With a color palette inspired by the Italian countryside, this leather features an exquisitely smooth and silky hand with a 99.9% efficacy antibacterial/antiviral finish for practical use in public and private interior environments.

Tuscany is part of the **DiGiorgi Collection**, which features exceptional leathers inspired by the landscape and design culture of Italy.

Produced under the most stringent environmental processes and certifications, Tuscany is REACH (EC 1907/2006) compliant, PFAS-Free, and ISO 9001:2015 Quality Management System and ISO 14001:2002 Environmental Management System certified. Additional environmental accolades are Blue Angel Ecolabel certification, Leather Working Group Gold and GreenLIFE initiative commissioned by the EU to reduce environmental impact.
